### **TITAN LOGISTICS JOINS U.S. EPA SMARTWAY® TRANSPORT PARTNERSHIP**

**Dallas, Texas** – Titan Logistics Solutions today announced that it joined the SmartWay® Transport Partnership, an innovative collaboration between the U.S. Environmental Protection Agency (EPA) and industry that provides a framework to assess the environmental and energy efficiency of goods movement supply chains.

Titan Logistics will contribute to the Partnership’s savings of 397 million barrels of oil and 170 million metric tons of CO2. This is equivalent to eliminating annual energy use in over 26 million homes. By joining the SmartWay Transport Partnership, Titan Logistics demonstrates its strong environmental leadership and corporate responsibility.

“The objectives of the SmartWay Partnership line up perfectly with Titan’s commitment to being a responsible community partner and a dedicated corporate citizen. We are thrilled to become part of the partnership, and we look forward to helping to improve supply chain sustainability,” said Dustin Marshall, Titan Logistics CEO & Managing Shareholder.

Developed jointly in early 2003 by EPA and Charter Partners represented by industry stakeholders, environmental groups, American Trucking Associations, and Business for Social Responsibility, this SmartWay program was launched in 2004. Partners rely upon SmartWay tools and approaches to track and reduce emissions and fuel use from goods movement. The Partnership currently has over 4,000 Partners including shippers, logistics companies, truck, rail, barge, and multimodal carriers.
